Prof. Garland Singleton.

Next to the affairs of the church, the schools and educational interests of a county are the most important and the most sacred, since we must educate the people if we would keep them from crime and develop the high, pure and ennobling attributes of man. To supervise and properly conduct the school system, one must be properly qualified in theory and practice, an examination being required by law as a test of competency. So it requires more than an ordinary amount of information to be superintendent of schools and but few are competent to fill the office. Prof. Garland Singleton is thoroughly equipped

for the position and has demonstrated his ability by the manner in which he has discharged the duties of the office for several years. Honorable submissions to the democratic party for re-nomination and re-election.

He was born May 4, 1864, his ancestors having come from Virginia. His family consists of his wife and four children, he having married Miss Anna Hubble in 1889. Being eminently social and fraternal, he is a member of the I. O. O. F., K. P. and K. O. T. M. In religious faith he is a worthy member of the Baptist church. He was reared on a farm, manifesting in early life a desire to acquire information. After attending school for a while, during which time his ambition led him to apply himself assiduously, he became sufficiently well informed to adopt the highly honorable profession of teaching, which he followed for eight years very successfully; and as if to prepare himself for the highly honorable position which he now holds, he served as school trustee. Having thus carved his way upward he richly deserves to hold the highly honorable position he has, and it is claimed that it would only be a just recognition of his superior merits to elect him to another term. His popularity is further evinced by the fact that he ran ahead of several of the county ticket when elected.

He is true to the democratic party and works faithfully to insure its success. He is firm in his convictions, yet modest and unassuming, which is always a proof of superior merit and ability. It is conceded that his peculiar fitness for the office, his popularity and his satisfactory official career combine to make his prospects for re-election most excellent.

WHAT IS CATARRH?

Hyomei Only Guaranteed Cure for This Common and Disagreeable Disease.

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane and effectively drives this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the throat, bronchial tubes or tissues of the lungs.

Offensive breath, dryness of the nose, pain across the eyes, pain in back of the head, pain in front of the head, tendency to take cold, burning pain in the throat, hawking to clear the throat, pain in the chest, a cough, stitch in side, loss of flesh, variable appetite, low spirited at times, raising of frothy mucus, expectorating yellow matter, difficulty in breathing, frequent sneezing, huskiness of voice, discharge from the nose, stoppage of the nose at night, aching of the body, droppings in the throat, mouth open while sleeping, tickling back of the palate, formation of crusts in the nose, dryness of the throat in the morning, loss of strength, spasms of coughing, cough short and hacking, cough worse nights and mornings, loss in vital force, a feeling of tightness across the upper part of the chest.

Hyomei will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete.

This is a strong statement, but Penny emphasizes it by agreeing to refund your money if Hyomei does not cure.

Mr. Michael Fletcher Elkin.

The Legislative department of government is the basis, the substratum and the foundation upon which the other branches depend. Salutary laws must first be enacted before they can be productive of good to the people. Hence the importance of electing men of experience with human affairs and a high degree of intelligence as our law-makers. Mr. M. F. Elkin is a candidate for State Senator in this district, consisting of the counties of Lincoln, Garrard, Boyle and Casey, submitting his claims to the will of the democratic party, and it is claimed that his experience in public life, together with his many sterling qualities, eminently qualify him for that exalted and highly responsible position.

He is 46 years of age, was born in Garrard county, receiving a good English education, which he has improved by application and by being in close touch with men of distinction. He is a son of Col. W. S. Elkin and his mother was Miss Mary Wallace, of Jefferson county.

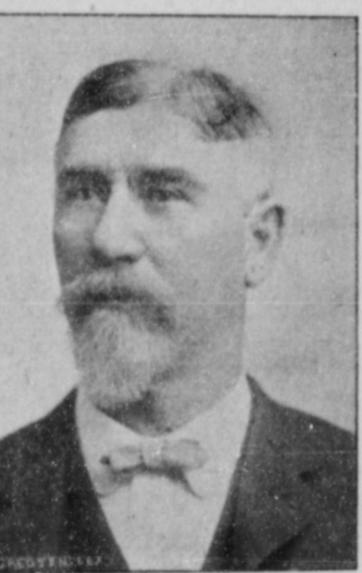

In 1889 he was married to Miss Katie Tucker, of Albany, Ga., they now being temporarily located in Lexington on account of having their only son in college. He is in fellowship with the I. O. O. F., Masons, Pythians, Red Men, Elks and the K. O. T. M. A better democrat never lived. He traveled 1,300 miles to vote for the gifted Bryan and always contributes time and funds for the success of the party.

He has the distinction of being State commander of the Maccabees, a great fraternal beneficiary order, and, on this account, his name is a household word throughout the country. Under his supervision, since 1894, that order has grown so rapidly that its membership in the State is 6,000 and he is placed over \$6,000,000 of insurance. He has served as supreme picket, sentinel, first master of guards, and, at the last

Hon. Richard C. Warren.

There are many who favor the enactment of a law requiring the judge of a county court to be a practicing attorney in order that he may be better qualified to dispose of the difficult questions and issues which may come before him for settlement. They now have the opportunity of aiding in the election of such a man, the Hon. Richard C. Warren, who is a candidate for judge of the Lincoln county court, subject to the action of the democratic party.

He was born on the 4th day of April, 1841, and is of English descent, his an-

cestors having come from Virginia and Maryland. His gifted and excellent wife was Miss Charlotte Letcher Duncan, of Garrard county, and they are blessed with five daughters and one son. He graduated at Centre College, Danville, Ky., in 1862, and also at the Louisville Law School in 1866, being admitted to the bar the same year.

Being a close observer of human events and familiar with the motives which govern the actions of men, he is naturally fitted for the office he seeks. In religious faith and sincere practice he is a Presbyter, living a consistent, Christian life and observing the rules of morality in every word and deed. He is steadfast in his convictions for right and carries them with him in every walk of life, even observing them in political contests, which but few men are disposed to do.

In politics he is an uncompromising democrat and has been an earnest worker, an able organizer and an eloquent orator in every political battle since 1870, always being in the front ranks, making sacrifices for his friends, always having in view the promulgation of democratic principles and the perpetuity of party organization. His host of friends claim that this long, bearded, faithful service should be rewarded by gratifying his desire to be county judge, which would be but a slight token of appreciation and a meager reward for his services.

He was county attorney from 1870 to 1874 and Commonwealth's attorney from 1880 to 1886, making an able prosecutor. He was also a member of the Legislature in the session of 1889 and 1890. In these places of public trust his career was brilliant and effective. He served as special judge by appointment of the governor, in Whitley two terms, Rockcastle one term and Wayne one term. He frequently held court for Judge Owlsley and Judge Sauley and frequently instructed the grand jury when holding these courts. These services are directly in line with the duties of county judge and are given to show that he is eminently and peculiarly qualified to discharge the duties of the office, which the people will certainly realize. He is in the prime of life, full of mental and physical vigor and capable of rendering excellent service in any position.

The Lexington Democrat pays Hon. R. C. Warren, of this place, the following compliment: "Hon. R. C. Warren, who is a candidate for county judge in Lincoln county, will be remembered by all who attended the appellate convention here in August as the man who made the savage speech directed at Chairman Lee. Those who heard him would imagine that Mr. Warren is pugnacious and hounds for trouble, but in reality he is a mild mannered and lovable man, who counts his friends by the legion and who usually gets every office he goes after. He has been county attorney, Commonwealth's attorney, member of the Legislature, master commissioner, etc., and has filled all of them with credit to himself and satisfactorily to his constituents. Mr. Warren is a forceful speaker and a fine lawyer, and if the people shall grant his present desires he will make them a model county judge."

The newspapers speak of the suggestion that the surgeon take the place of hangman in case of rape as new and novel. It may be to them, but some 30 years ago the late Judge Thomas W. Varnon, of Lincoln county, then State Senator, presented a bill in the Kentucky Legislature embodying the idea. The tender-hearted members thought the punishment too revolting and declined to consider the bill, which was put to sleep in the committee room.

The country is full of politics, but the dinner pail is empty. The cry of "hard times" comes from every section and we have the highest tariff in the world. The "grand old party" of bumbo and brass still has full power in every department of the government.

In the 11th district of Kentucky, republican harmony means anything short of a free-for-all fight. The only reason that it has not come off is because they have put some in jail under indictment for fraud and the other principals have never met.

FORMERLY the republicans of Kentucky got rid of their political rivals through the use of a Marlin rifle and a crack shot. Now they put them in office and dish out taffy in chunks.

Mayor Josiah Quincy, of Boston, visited Judge Parker at Rosemount and submitted proof sheets of the Democratic campaign book, which will soon be published.

Moses Collier, aged 84 years, Coroner of Garrard county, and recently re-nominated by the Democratic Committee for that office, is dangerously ill. There is little hope for his recovery.

The Vermont State election will be held to-day. The republican campaign has been apathetic and the party rallies have not been well attended. The meetings held by the democrats on the contrary have been large and enthusiastic.

An unknown woman, barefooted and with her clothing in shreds, was discovered in the woods near Danville. It is thought she is demented, and that she has lived in the forest for weeks. She gave her home as Louisville.

Sour Stomach.

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. Rev. Baker P. Lee, of Lexington, proposes to reform the drink evil by inaugurating a saloon system under municipal control, the proceeds to be devoted to the erection of homes for friendless and orphan children. A practical feature of the scheme is that, under it, there will never be any lack of friendless and orphan children.

At Dripping Springs, Rufus Gann, of Nashville, visited his sister, Mrs. John Coulter, at this place.

WORKING NICELY.—If Jesse Alver-

son, the father of the Vagrancy law, could see the seven or eight Negroes cracking rock on our streets, he would feel proud that he had the law passed.

He almost completely broke up the looting habit. Nearly every coon in town is now at work, and many of the sorry white ones have gone to scratching mother earth. The law is fine one, and the Hon. Jesse Alverson, of the good county of Lincoln, is entitled to the praise of having it enacted.

HALES.—Mr. J. R. Hales died at his home on Hustonville Street Friday afternoon of a complication of troubles, aged 74. He was born in Georgia but came to Kentucky about 30 years ago, where he had since lived. He is survived by his wife and five children, all of whom were at his bedside when the end came. dale, of the West End, and when his

case was called he could not be found.

Mr. Baughman had been on the look-

out for Denham since then and last

week heard of his man being seen near

Waynesburg and started after him, but

the bird had flown only a short time

before the officer's arrival. Denham

was trailed through the southern part

of the county, into Casey and then as

a final effort to elude his pursuer, dou-

bled back into Pulaski, where the

chase was ended. The effort of Sheriff

Baughman further proves him a tire-

less worker and stamps him as a detec-

tive of fine ability.

JUDGE M. D. HUGHES, of Lancaster, begins this issue "The Candidates' Mirror," in which will appear from time to time a picture and sketch of each candidate for office in Lincoln county.

Try for Health

222 South Peoria St., Chicago, Ill., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

George Dunbar

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist to day?
